Dom, nothing major. Looks good. Use what you wish.

Dang, it was a bear using the Edit function in Adobe Acrobat Pro. Sometimes it worked fine, sometimes it got rather funky.

Hey Jack,

Did you see this? Let me know if you don't think you will have time to look at it and I will just issue it. Wanted to check to make sure you saw the email since I never heard from you. Really, no sweat if you are swamped, just didn't want to send it out if you were planning to make any comments.

Hi Jack,

Can you please take a look at the attached Polrep and let me know if you think anything important is missing or is incorrect. Thought I should ask you to take a look over it since you were there a couple days when I was not.
